

Going Away

(guitar: capo 1)

Cm **F**
Sixty miles or six hundred.
Gm **G**
The shadow of the pines
 Cm **F**
or the sunny station wagon.
G **Gm**
We're looking at the map
 Cm **F**
and we're laughing and we're going.

Refrain

Ab **G**
I hope some other time
 C **F**
I won't care so much about
C **F**
being understood as I do now.
C **F**
I will leave myself and go away.

I would like to follow you away.

additional verses

Would you let me take care of you?
I would like to sing you a song in the morning.
Walk you to the car when you're going
where you're going.

additional refrains:

And then some other time
I wouldn't care so much about
being understood as I do now.
I would leave myself and go away.
I would like to follow you away.

Seeing you I know what is right
and what is true.
Oh I see the way I want to be.

Oh I see the way I want to be.
