A songbook / companion to "Birds Of My Neighborhood" is now available. This book focuses on the essential accompaniment parts to each song. Chord diagrams, standard notation, melody, and tab are included for all of the songs from the CD (except Follow Me which is a John Denver song), as well as 5 pages of photos and lyrics.¹

¹ Text and photo taken from theinnocencemission.com. The songbook (songbook.htm file) was removed sometime in early 2006 and is currently unavailable for purchase. The purchase price was \$17.
